To receive shared copies, **Be Polite. Invite!**  
Reports and rental applications created via invitation will tag the inviting agent to the invited renter making sharing possible.

## Lets talk about...

### Tenant Advocacy...

#### Un-Share. Privacy by Design!

A feature unique to SoftScreen®

While not new, we feel this deserves more attention.

Any time a potential tenant shares their information with others, they can then choose to **“Un-Share”** revoking access to previously shared information.

Providing this control benefits the potential tenant.

Protecting privacy and consumer data is an FCRA mandate.
