

Option 1 Get Reports and Rental Application

Use option 1 if you do NOT have an invitation

Get your reports and rental application **before** applying for rent. **You are the only recipient.** No one else will see these until you decide to apply for rent, sharing them with agents and landlords. If you want to apply right away, use option 2.

Applying is always unlimited!

Option 2 Apply for Rent

Use option 2 if you do NOT have an invitation

You can search and select from over 1200 addresses. Your reports and your rental application will be shared with the property's landlord and their agent. Any documents that may be needed can be uploaded and shared.

Applying is always unlimited!

Option 3 You've Been Invited!

An awesome agent will have set everything up, sending you an invitation link by email or text. **Use the link*** and your invitation will be presented to you immediately upon signing into your account. Depending on how things were set up, use your link to...

1. Get your Reports and Rental Application in advance of applying for rent.

Similar to option 1, but your invitation has the added benefit of choosing to share with your inviting agent. Sharing is secure and private.

2. Apply for rent.

Similar to option 2. A property's address has been selected in advance. You're applying for rent. Your reports and rental application will be shared with the landlord and their agent. You can also choose to share your reports and rental application with the agent sending your invitation. Any additional documentation requested by the landlord can be securely uploaded, shared with the landlord and their agent.

UnShare! Privacy By Design

Once you've shared your reports, rental application or any additional documentation, **you can choose to un-share.** Revoke access to your personal info! Change your mind? Find a better rental? Missed out on a property? Just "Un-Share" with the click of a button!
